### PUT INTO EFFECT NEWBERRY'S PLAN

Chiefs of Different Departments of Navy Are Called in Conference.

WASHINGTON, D. C., January 16.—Secretary Newberry called into conference to-day Rear-Admiral Cowley, chief of the bureau of equipment; Mason, chief of the bureau of construction and repair; and Commander Griffin, assistant chief of the bureau of engineering, to discuss with them details of his plans of the consolidation of the different plants of the navy yards. The consolidation of the yards is a long and arduous task, and the complete plans of Mr. Newberry will be carried out as rapidly as possible.

In reporting the naval appropriation bill to the house to-day, the committee on naval affairs, of which Mr. Newberry is chairman, announced that the bill contains recommendations for an increase of the navy by two \$500,000, five torpedo boat destroyers, four submarine boats and four fleet collars.

### EXPLAINS SCHEME

Duke Pompeio Litta, Practical Socialist, PARIS, Jan. 16.—Some details were given to-day by Duke Pompeio Litta concerning his offer to donate a portion of an extensive tract of land in Manatee county, Florida, to victims of the earthquake in Calabria and Sicily. He said the land was owned by a syndicate, of which he was the head, and of which his brother-in-law, J. Lamb Perry, of Charleston, S. C., was a member.

In Florida, the duke said, the Italian will be given five acres of land in their own right, but would be asked to develop a second farm for the benefit of the syndicate, receiving, however, wages in payment for their work done on the latter. He expected that a series of co-operative stores would be established, at which the colonists might buy their material, food, clothing, live stock, machinery, etc., at low prices and upon easy terms, and that them in labor they would be desired. Duke Litta claimed that he was a practical Socialist.

He says the Florida lands cover an area of 200,000 acres, and that he plans to colonize there, 5,000 families, or 20,000 individuals. It is expected that the Italian government will endorse the movement.

### To Distribute Supplies.

NAPLES, January 15.—Rear-Admiral Sperry has issued orders to Pay Inspector Samuel McGowan, in charge of the United States refrigeration ship Celtic when it arrives here, and distribute the stores on board to the earthquake refugees at Naples and elsewhere. In this work Mr. McGowan will be assisted by Lieutenant Bianchini, of the Italian navy, who has been appointed by Minister of Marine to make all arrangements with the American authorities. The Celtic left New York last month.

Other vessels coming in here with supplies have been given permission to land them free of duty.

### "DID YOU SEE HIM?"

Atlantians Talking of How Taft Ate "Possum and Taters."

ATLANTA, GA., Jan. 16.—"Did you see the way the president-elect ate possum and taters last night?" This was the prevailing greeting in rain-drenched Atlanta to-day and Mr. Taft said: "Well I like possum. I ate very heartily of it last night and it did not disturb in the slightest my digestion or my sleep."

There was only a shattered wreck remaining of the eighteen pound "Billy possum" that was "toted" up to Mr. Taft's table with great ceremony at the feast last night. After supper, helpings to the dish were given to the guests.

Mr. Taft received a message from a doctor sitting nearby, to be careful, but he paid no attention to the warning and this morning he is proud of the fact that not only his indigestion, but his "possum" is very fond of him.

Beginning to-day with a reception to the board of governors of the chamber of commerce, Mr. Taft was made to know in very certain terms that his remarks last night, particularly about the rule that should govern him as to Federal appointments in the South to select men of standing in their own communities was the most valued promise which could have been made.

The statement met universal applause. The day's round of speeches and receptions began at the Georgia Technological school. To the students the president-elect made a cordial speech, full of encouragement and congratulation, pointing out the period of training and character forming as the one in which the dearest friendships of life were formed and associated of great after importance entered into.

Great Bethel church had been packed for hours before Mr. Taft reached the place to make his address to the negroes of Atlanta. After this address he went directly to his special train for the trip to Athens. He will again reach Atlanta at 6 o'clock to-night and after a reception at the Capital City Club he will depart at midnight for Augusta.

### KEEFE IS OPPOSED

Seaside May Hold Up Nomination for Immigration Commissioner.

WASHINGTON, Jan. 16.—Considerable opposition to the confirmation of Daniel J. Keefe, of Michigan, who was nominated by the president on Dec. 1 to succeed the late Frank Sargent as commissioner-general of immigration, has developed in the senate under the leadership of Mr. Gore, of Oklahoma. The objection to confirmation advanced by Mr. Gore is the fact that a representative has been made to him by certain labor leaders that Mr. Keefe received the appointment as a reward for breaking with Samuel Gompers, president of the American Federation of Labor, during the recent presidential campaign.

Some labor leaders have gone so far as to send letters to members of congress charging that Mr. Keefe, as a prominent labor leader himself, had been a traitor to the cause of labor.

Several efforts have been made by Senator Dillingham, chairman of the committee on immigration, to obtain action on this nomination in committee; but this far he has failed. Senator Gore has given notice of a desire to appear before the immigration committee and to argue his objections to Keefe's confirmation.

### MIXED MARRIAGES

Senator Milton Would Prohibit Them in the District of Columbia.

WASHINGTON, Jan. 16.—If Senator Senator Milton, of Florida, can have his way, miscegenation in the District of Columbia hereafter will be treated in the courts as a crime punishable by imprisonment for ten years and fine of \$1,000. The Florida senator has introduced a bill to this effect, restricting its provision to marriages between white persons and negroes, and the bill provides that any person who has been or more of the blood in his veins shall be considered as of the African race.

Such marriages are declared to be null and void and any issue resulting from them illegitimate and incapable of inheritance.

The bill proposes a punishment of imprisonment for a year or a fine of \$1,000 upon any one performing the marriage ceremony between representatives of the two races.

### OFFICIAL ESTIMATE

MESSINA, Jan. 16.—An official estimate of the dead in Messina as a result of the catastrophe of Dec. 28, made by Stuart K. Lupton, the American vice-consul on behalf of the American embassy in Rome, places the number at 90,000. Mr. Lupton estimates that there are still ten thousand people in the city.
